Derbyshire Community Health Services NHS NHS Foundation Trust

### Care Coordinators in Chesterfield— GP Practices

We are here to help you stay safe and well in your home by offering support, advice and information on services available in the community.

Care Coordinators:

Are part of the Community Support Team employed by Derbyshire Community Health Services. We are based at your local GP Practice.

We can link between all the different services and organisations in the community.

We can help you to get the support you need to remain independent in your own home for as long as possible.

If you are a family member or carer of someone and you also feel you need some extra help, support or information we can help you too.

### How we can help:

We can help in a variety of ways, for example:

- · Have you got poor mobility?
- · Do you struggle with personal care, bathing etc?
- Would you benefit from equipment such as grab rails, raised toilet seat?
- · Are you struggling with shopping or cooking?
- Would you like to get out more, are you lonely?
- · Have you fallen recently?
- Are you are a carer and struggling?
- · Are you worried about your memory?
- Do you worry about your energy?
- · Have you had a full benefit / income check?
- · Would you like support from bereavement groups or services?
- · Would you benefit from the Handyperson DIY scheme?
- Have you had a home safety check i.e. fire alarm, door locks etc.
- Do you struggle to manage your long term health conditions?
- · Do you understand your medications?
- Would you like advice on living well?

If in doubt, contact your Care Coordinator for advice and support.

If you're worried that someone you know is being radicalised,

Preventing Extremism and Radicalisation

It can be hard to know what to do if you're worried someone close is expressing extreme views or hatred, which could lead to them harming themselves or others. Working with other organisations, the police protect vulnerable people from being exploited by extremists through a Home Office programme called Prevent.

Act early and tell them your concerns in confidence. You won't be wasting their time and you won't ruin lives, but you might save them.

### British Sign Language Pandemic Programs for Derbyshire

A new initiative to encourage more members of the public to take up sign language as an extra language and skill, is now available to residents of Derbyshire.

The Signs4Life scheme is to help people to communicate and engage with children and adults who may be hard of hearing.

Tabassum, Signs4Life partnerships officer, explains "There are more than nine million hard of hearing people registered in the UK. We have already worked with social workers, housing staff, teachers, the local NHS, and Royal Mail. We wanted to open our programs to the general public, who might also have an interest in learning sign language, especially now that many people have been stuck at home during a third lockdown. We are offering a free 6-week BSL program, which you can enjoy and access from the comfort of your homes, delivered through Zoom".

Signs4Life is leading efforts towards a society in which people with disabilities have full access and are working to raise the public and political awareness of disability provision.

For more details on the free community program for Derbyshire, starting in June, book via the website for "The Hotpots" group, starting on Friday 11 June 2021 <u>signs4life.org/in-the-community/</u>
