

Maths information session - Thursday 23rd February - 9:00am

English information session - Tuesday 28th February - 9:00am

Dear Parents / Carers,

We have made the decision to run our Maths and English information sessions for parents this year in school hours, rather than after school. In doing this we hope to encourage more of you to stay and learn about how your children learn to read, write and make sense of number and maths!

Each session will begin with a presentation in the hall by a member of staff, explaining to you briefly how we teach the many elements of English and Maths. There will then be an opportunity to visit the classrooms to talk to the children about their learning and try out some of the resources we use to support our teaching and learning.

We will start at 9:00 and you can stay as long as you like. We would aim to finish by the time the children go out to play at 10:30, when tea and coffee will be available for those who wish to stay a bit longer! The sessions should be informative, relaxed and fun - we are glad to answer any questions you may have.

We will put a copy of the power-points we use and any hand-outs on the school website for those who are unable to make the sessions.

We look forward to welcoming as many of you as possible into school .

Please return the slip below if you would like to attend either / both of the sessions - this does not commit you in any way but will give us an idea of numbers. Many thanks.
