

Easy Peasy Ice Cream

Ingredients

1 tin of condensed milk

1200ml of double cream

2 teaspoons of vanilla extract

Equipment

1 large mixing bowl

Electric whisk

Teaspoon

A freezer container/tin

Cling film

Method

1. Put the condensed milk, cream and vanilla extract into a bowl.
2. Whisk until thick and quite stiff.
3. Move into a freezer container or a tin.
4. Cover with cling film and place in freezer.
5. Freeze until solid.
6. Scoop into bowls. Why not add some of your favourite toppings?
7. Enjoy!

Why not experiment by adding some of your favourite fruits, sweets or syrups when mixing to make different flavours?
